Special effects in IncrediMail are not limited to email: when you start composing a new message you'll hear the typical typewriter sound effects, and when you get a new email you'll be notified with an animated 3D character – which you can choose from a dozen of them.. IncrediMail is all about having fun with your email IncrediMail lets you:

- Choose from 100's of amazing email backgrounds
- Add fun emoticons and animations to your emails
- Bring your emails to life with animated 3D effects
- Get notified of incoming emails by special animated characters (we call them Notifiers)
- Manage all your emails from different accounts (like Yahoo and Gmail) in one place..

IncrediMail is a free email program that manages all your email messages, communications, contact details, and email transactions. [Adobe Flash Player For Mac Os X Yosemite 10.10.5](#)
